

THANK YOU!!!!

Dear Torie,

I am now 16! Due to all the blood, sweat and **joy** you have put into Acoustics for Autism and Project iAm, you have made it possible for this to be the 4th year for me to attend Bittersweet Farms Summer Enrichment. Amazing!

I really cannot say enough how much Bittersweet means to me. Being able to spend the summer going on adventures with my friends at Bittersweet has become something I look forward to all year. Ever since mom told me it was almost time for Bittersweet Summers I keep trying to sneak my Bittersweet gear into my regular school backpack. Summer is so close, I can't wait.

All our love and gratitude,
